OF TAXATION TO
CENTRAL BANKERS
AT THE CITY OF
LONDON

1 TAXATION FEEDS DEBT MACHINERY

Your labor is harvested to service interest for the few.

2 MONEY AS WEAPON

Currency is inflated and manipulated. Purchasing power is silently stolen.

3 SOVEREIGNTY LOST

Nations rent their money. People live under hidden tribute systems.

4 INFLATION ENGINE

Endless money printing and compounding interest erode all savings and wages.

5 WORK DEVALUED

Financial engineering beats real work. Productive people lose to paper profits.

6 WARS & WASTE

Easy credit funds wars and waste. Costs are hidden from the public.

7 MARKET RIGGING

Insiders get cheap money first. Markets reward connection, not contribution.

8 FAKE WEALTH

Paper claims and synthetic leverage outshine real assets and real value.

9 OPAQUE SYSTEMS

Complexity and secrecy require trusted gatekeepers (middlemen).

10 HUMANITY ASLEEP

Money is used as a control weapon. The people are divided, distracted and weak.

WHEN

2 MONEY AS MEASURE

Money is honest, scarce or responsibly issued, and holds its value.

3 SOVEREIGNTY RESTORED

Nations issue their own money. People own their future.

4 STABLE PURCHASING POWER

No endless inflation. Savings, wages and pensions keep their value.

5 WORK IS REWARDED

Productive work, innovation and entrepreneurship are honored.

6 PEACE THROUGH ACCOUNTABILITY

Wars must be justified and paid for openly by the people.

7 FAIR MARKETS

Capital flows to the most productive uses. Merit, value and utility win.

8 REAL WEALTH MATTERS

Real assets, real production and real resources build true prosperity.

9 TRANSPARENT LEDGERS

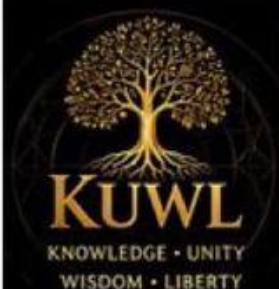

Open, auditable systems remove the need for trusted middlemen.

10 HUMANITY AWAKENED

Money becomes a tool for cooperation, creation and civilizational growth.

A SYSTEM DESIGNED TO MAKE THE FEW RICH
BY KEEPING THE MANY IN DEBT.

LIBERTY AND THE PURSUIT OF HAPPINESS.
